**MEMORANDUM FOR: Acting Director of Training**

**SUBJECT : Speakers for Senior Seminar No. 2**

**REFERENCE : Memo dtd 28 Jan 72 to DD/S fm D/TR,  
subj: Planning of Senior Seminar 2**

1. The DD/S understands that the recommendation for a buffet in the Executive Dining Room, followed by a discussion on "World Population Problems," involving Dr. Hellegers and Seminar members and their spouses has been rescheduled to exclude spouses and the social event. Consequently, DD/S approval is not required.

2. The recommendations contained in paragraph 4 of referent memorandum were approved by the Deputy Director for Support on 14 February 1972 with the understanding that representatives from the Office of Medical Services be invited to attend the session with Dr. Buckman.

3. As indicated on your return copy of the referent memorandum, the DD/S approved paragraph 5 recommendations on 4 February 1972.

MEMORANDUM FOR: Deputy Director for Support  
SUBJECT : Planning of Senior Seminar 2

1. This memorandum contains recommendations for your approval in paragraphs 3, 4, and 5 and requests your concurrence in inviting three senior Agency officers to address the Seminar. 25X1

Memoranda of invitation are also attached for the Deputy Director for Plans and the Deputy Director for Science & Technology to address the Seminar on Thursday, 6 April and Friday, 14 April respectively. Informal checks indicate that all three are willing to meet with the Seminar.

3. The Seminar Staff would like to plan two evening presentations to which the participants' spouses could be invited. They would like to have Dr. Andre Hellegers of the Georgetown University School of Medicine discuss "World Population Problems" on the evening of Wednesday, 22 March and for the presentation to be preceded by cocktails and buffet in the Executive Dining Room to which Dr. and Mrs. Hellegers would be invited. The presentation would be made in Room 1A07 at Headquarters. A biographic sketch of Dr. Hellegers, who was re-approved by Security on 17 January 1972, is attached. I believe his subject would be of interest to the spouses and recommend that you approve holding the social event and Dr. Helleger's presentation to the Seminar as discussed above.

4. The Seminar Staff would also like to schedule a presentation by Dr. John Buckman on the subject, "The Drug Culture," on Tuesday evening, 2 May in the Senior Seminar area, Chamber of Commerce Building, and to invite the spouses of the Seminar participants. No social activity is planned in connection with

-2-

this presentation. Dr. Buckman, a psychiatrist at the University of Virginia School of Medicine, spoke to the first Senior Seminar and was extremely well received; he focuses more on why people use different types of drugs, rather than on their psychopharmacological aspects. Dr. Buckman was re-approved by Security on 20 January 1972. I believe that his subject would be of interest to the participants' spouses and recommend that you approve holding Dr. Buckman's presentation as described.

5. As I mentioned to you earlier, the first week of Senior Seminar 2 will seek to emphasize management training. Accordingly, the Seminar Staff would like to invite Mr. William Crockett to return on 14 March and give his presentation on "The Evolution of a Government Manager" which received very high marks during the first Seminar. The Staff also proposes to have Mr. Crockett and Dr. Edward Jones, now on the faculty of the Federal Executive Institute and who has worked with Crockett before, conduct a "Leadership Styles Workshop" on 15 and 16 March. The Staff is mindful of your admonition of last September to hold down requests to admit non-Agency persons [redacted] I believe that a request to invite Crockett and Jones, both of whom are former government officers and have held top secret security clearances, is in line with this guidance. Biographic sketches on both, who were re-approved by Security on 20 January 1972 are attached. I recommend that you approve [redacted] of Crockett and Jones [redacted] from 14 to 16 March.

MEMORANDUM FOR: Executive Director-Comptroller  
THROUGH : Deputy Director for Support *Jal*  
SUBJECT : Invitation to Open the Senior Seminar  
on 12 March

4 FEB 1972

1. As you know, the second running of the CIA Senior Seminar will commence [ ] on Sunday, 12 March and I would like to invite you to give the opening talk. Plans call for the opening talk to commence at 1930, following buffet and cocktails beginning about 1700. I would hope you would also be present for the social activity. Both the social activity and the opening session will be held [ ]

25X1

25X1

2. The Senior Seminar Staff is proposing to call the opening talk "A 7th Floor View of CIA" with the following description:

"A senior Agency officer will open the Seminar with a look at the Agency's general situation today from the point of view of top management."

This title and description provide a good deal of flexibility as to particular areas you might cover. In the event you wish to relate any of your remarks to the subject matter the participants will be covering later in the Seminar, we will forward information when planning of the Seminar has proceeded further.

3. With respect to transportation we will be scheduling a

25X1

[ ]  
which should be early enough to return you to Headquarters prior to the Director's morning conference. A member of the Seminar Staff will be in touch with your office on transportation plans.

4. I should like very much to be present at the opening of the Seminar, but expect to be absent on a field trip at that time.

MEMORANDUM FOR: Deputy Director for Plans

SUBJECT : Invitation to Meet With the Senior Seminar

1. This is to confirm arrangements made informally by the Senior Seminar Staff with your office for you to meet with the Seminar. Subject to your approval, the appearance is scheduled for 6 April in Room 1001, Chamber of Commerce Building, from 1030 to 1200.

2. Your appearance would come about half-way through Block III, "The Intelligence Business: CIA," at the conclusion of coverage of the Clandestine Service. This coverage includes such topics as Foreign Intelligence, Counterintelligence Activities, Station Operations, SIGINT Activities in the Clandestine Service, and a tour of the TSD Laboratory. (Covert Action will be covered later in the Seminar schedule.) The Senior Seminar Staff anticipates that, after some brief introductory remarks by you, the Seminar participants would very much appreciate an opportunity to discuss with you significant points and issues raised concerning the Clandestine Service, as well as other matters of interest to the Plans Directorate.

3. Members of the Seminar Staff would appreciate an opportunity to meet with you at your convenience and discuss the scope of the discussion, and other points of interest to you regarding the Seminar.

4 FEB 1972

MEMORANDUM FOR: Deputy Director for Science & Technology  
SUBJECT : Invitation to Address the Senior Seminar

1. This will confirm arrangements made with you informally by the Senior Seminar Staff to address the Seminar on Friday, 14 April. The Staff would very much like you to repeat your presentation on "The Soviet ABM Program: Intelligence Case Study." With your concurrence, they have scheduled the presentation in Room 1001, Chamber of Commerce Building, from 0930 to 1130. It would be followed, if your schedule permits, by an informal luncheon in the Seminar area.

2. Your appearance will come on the last of ten days spent by the Seminar on the Block entitled "The Intelligence Business: CIA," since the presentation shows so well how different US intelligence activities contribute to our knowledge of a problem of great significance to the US Government. This presentation and your informal discussions with the Seminar participants were a high point in the first Senior Seminar and we anticipate they will be similarly appreciated by the members of Seminar 2.

CROCKETT, WILLIAM J.

Mr. Crockett attended the University of Nebraska where he received a bachelor's degree in 1946. He joined the Department of State in 1951 and served subsequently in Beirut, Karachi, and Rome. He returned to the Department in 1958 where he served successively as Deputy Assistant Secretary of State for Budget and Finance, Assistant Secretary for Administration and as Deputy Undersecretary for Administration. He retired in 1967 and currently is Vice President for Human Relations, SAGA Administrative Corp., Menlo Park, California.

Mr. Crockett lectures and conducts training workshops for many organizations in the field of management training.

Married, Three Children

Born: Staten Island, New York, June 17, 1917

BUCKMAN, DR. JOHN      2 November 1330 hrs.

Dr. John Buckman is an Associate Professor of Psychiatry at the University of Virginia School of Medicine in Charlottesville, Virginia, having joined the Department in January 1966.

He was born in Poland, but lived in England since 1938. He received his medical education at the University of London.

He served as a medical officer in the British Army during the Korean War and was assigned to trooping duties to Egypt, Hong Kong, Singapore, Korea, and Japan, and became interested in patterns of drug abuse in the Middle and Far East. It was in 1953, during his last return voyage from Korea, that he had a chance to work with some 500 repatriated British prisoners of war and became interested in their experiences of sensory isolation and indoctrination. On leaving the British Army in 1954, he began his psychiatric training in Epsom Hospitals and later at the Maudsley Hospital in London and the Tavistock Clinic and Institute of Human Relations in London. He received his training in Neurology at the National Hospital, Queens Square, in London.

Prior to January 1966, Doctor Buckman worked for ten years at the Marlborough Day Hospital in London, one of the first day hospitals in the world and the prototype of community psychiatry. It was in 1956, that Doctor Buckman began his work with hallucinogens, both in psychotherapy and research. These studies included drugs like LSD, mescaline, psilocybin, sernyl, as well as the amphetamines and ritalin. On these subjects, he has written a book and some ten papers. He had also participated in group therapy of opium, marijuana, and amphetamine abusers, especially among young persons in London. He took part in most international conferences on the use of LSD held in Britain, the United States, and the continent of Europe, and later began to study and write about the social and medical aspects of illicit drug taking. In this connection, he has testified before the Legislature and before civilian and military courts in the United States and Great Britain. Currently, he is the President-Elect of the Neuropsychiatric Society of Virginia; Member, Advisory Committee, Governor's Council on Narcotics and Drug Abuse Control (Virginia).

HELLEGERS, DR. ANDRE

Dr. Hellegers was born on 5 June 1926 at Venlo; Holland. He was married in 1957 to a Canadian resident and has four children. He is a specialist in gynecology and obstetrics. He attended Edinburgh University and various schools in Belgium and France. From 1953-1956 he was an intern and assistant resident at Hopkins Hospital, Johns Hopkins University, Baltimore, Maryland. In 1956 and 1957 he was a resident at Yale. In 1957 he joined the Hopkins School of Medicine faculty where he remained until 1962 as an Associate Professor.

Dr. Hellegers has been a consultant to the Office of the Secretary of Health, Education and Welfare since 1954, and about 1965 he joined the faculty of the School of Medicine, Georgetown University.

Dr. Hellegers has lectured on population problems to the Senior Seminar on Foreign Policy of the State Department.

~~Why no. 001~~

I'm keen of including  
Mrs Hellegers -  
see no reason for  
that.

Other Depts - I, S & T - told  
me before cocktail reception  
for wives OK but not  
business sessions. I'd like  
recheck

Also what about idea of  
meeting employees vice  
convened to these general  
interest sessions?

I approved <sup>3</sup> letters attached  
+ the Crockett etc para 5  
plan. As get memo's on way.  
Other questions/problems  
noted other side - these  
will require some talk  
with OTR

① Mr.

Chas:  
How do you  
think DDP would  
react to this - esp  
Para 3?

RWD

② Bob:

I know of no person  
who would object to  
any part of the plan.

Bob

14 February 1972

MEMORANDUM FOR: The Record

SUBJECT : Discussion with Director of Medical Services

REFERENCE : a. Memo of 28 Jan 72 from DTR to DDS,  
Subject: "Planning of Senior Seminar 2."

b. MFR 9 Feb 72, Subject: "Action on Reference"(a).

1. I met with the D/MS on 14 February to ascertain his views regarding the presentation on drug abuse to Senior Seminar 2 by Dr. John Buckman (see paragraph 3 of Reference b). I began by explaining the background for seeking his advise. Dr. Tietjen read the scope note on the drug abuse presentation and biographic resume of Dr. Buckman.

2. Dr. Tietjen indicated that he was not acquainted with Dr. Buckman. He inquired about Dr. Buckman's presentation to the first Senior Seminar and how he was received. I stated that he was well received by the participants and that his presentation struck me as being an informative and sensible exposition on drug abuse. Dr. Tietjen observed that he has found the faculty members of the University of Virginia, School of Medicine to be sensible and pragmatic.

STAT 3. Dr. Tietjen offered, if we should wish, to have Dr. Buckman visit the Office of Medical Services, particularly the Chief of the Psychiatric Staff, Dr. [ ] in connection with his appearance before the Seminar. He stated that he was not urging such a visit, but that he would be glad to extend professional amenities. I explained to Dr. Tietjen that if we adhere to our current plans to have Dr. Buckman address an evening session of the Seminar with spouses, such a visit to OMS might not be feasible. I suggested that he might wish to have a member or two of his Staff attend Dr. Buckman's presentation; Dr. Tietjen indicated interest on behalf of Dr. [ ]

9 February 1972

MEMORANDUM FOR: The Record

SUBJECT : Action on the Reference

REFERENCE : Memo of 28 Jan 72 from DTR to DDS, Subject:  
"Planning of Senior Seminar 2."

STAT 1. Reference was returned to Office of Training on 8 February with a handwritten notation that the recommendation in paragraph 5 was approved on 4 February by the DDS. (This recommendation requested approval for Messrs. Crockett and Jones to appear before the Senior Seminar [ ] on 14-16 March 1972.) The returned copy of the reference did not indicate action on the proposal to have Dr. Hellegers address the Senior Seminar on the evening of 22 March with participants' wives present preceded by a social hour in the Executive Dining Room, nor did it indicate whether Dr. Buckman could address the Seminar participants and wives on the evening of 2 May in the Senior Seminar area on the subject of the drug culture.

STAT 2. As instructed by the DD/TR, I called the EO/DDS as to the intention of the DDS with respect to the Hellegers and Buckman evening presentations. Mr. [ ] checked the DDS file copy and telephoned that the DDS made the following handwritten comments on this copy of the memo:

A. Regarding paragraph 3, "I am leary of including Mrs. Hellegers. See no reason for that. Other Deputies (DDI, DDP, DDS&T) told me that cocktail sessions for wives are okay, but not business sessions. I would like this point rechecked with each of them. Also, what about inviting employees (who are not in the Seminar) vice the wives to attend general interest sessions."

B. Regarding paragraph 4, "Does OMS vet Dr. Buckman?"

STAT 3. Mr. [ ] suggested that the DTR call the DDS on the green phone and discuss the points raised in the handwritten comments. I reviewed the matter with the DTR who indicated that he was

-2-

reluctant to pursue the matter because of his own busy schedule and the substance of the comments. I stated that we should resolve the matter one way or another, and he agreed to my suggestion that, because of the urgency of getting the next Seminar program firmed up as soon as possible, we drop the proposal to have the Hellegers evening session with wives and a social hour by moving it to the afternoon of the same day. In order to satisfy the question concerning the OMS view of Dr. Buckman as a speaker, he directed that I contact Dr. Tietjens and attempt to get an answer satisfactory to the DDS on this point.
